

## ORSON SIDEBOARD

**COLORS:** Brown

### OVERVIEW

Round curved doors in a rich brown tone exude warmth and elegance in the Orson sideboard. Crafted from durable solid Acacia wood, this sideboard is both long-lasting and easy to maintain, while the glass door front with magnetic door catches adds effortless functionality.

- Solid Acacia wood with MDF used on back featuring Mortise & Tenon wood joinery
- Please note that no two items are alike, there will be a natural variation between each piece due to the wood's distinct character, grains & knots in each piece of wood
- 4 doors with magnetic door catches open to 2 shelves
- Product is made with kiln dried wood. Solid woods react dynamically to their environment & may swell & crack with changes in humidity & temperature, the kiln-drying process prevents the wood from warping or developing small cracks over time, resulting in highly durable furniture. Kiln-dried wood doesn't require harsh chemical treatments as the heat effectively sanitizes it
- Some assembly required
