

## Akita Bed

107162

A warm, dreamy getaway awaits in this bed inspired by global travels. Features a walnut stained ash wood headboard framed with natural rattan. Brushed brass feet and inlay bring added elegance. No box spring is required and slats are included. Coordinating console table and nightstand also available. Handle With Care: This design has been crafted with rattan. This artisan-crafted material features intricate weaving that results in natural variations where no two pieces are alike. Colour and texture differences are to be expected and embraced with this natural material. Due to the weaving process used, the fibres in this material may display shorter or longer lengths where the weaving ends. Visit our Product Care page for more information on how to ensure the lasting beauty of this piece.
