

Jamille Bed

111224

With its super plush design, the Jamille bed is as soft as it is inviting. Upholstered in eclipse white fabric with channel tufting on the extra thick headboard. The brown solid oak wood frame adds a beautiful contrast to complete the look. No box spring is required and slats are included. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
